- Sketchup
- Swedish/English

Curriculum Vitae

PROJECTS

- **2014 (spring)** Final thesis – Beetle Killed. Further development of longboard concept with focus on applying and simplifying industrial manufacturing techniques to a small scale production
- **2014 (spring)** A.S.K. – Desk, created as part of design course focusing on sustainability and quality
- **2014 - present** BEETLE KILLED – Longboard-concept, www.beetlekilled.com. Part of Designers & Forests project
- **2013 (autumn)** SEATPLY INTERNSHIP, CANADA – Internship at Seatply, Montreal. Seatply manufactures molded plywood products, mostly chairs but also skateboards/longboards. My work focused on product development and creation of production drawings for old and new products
- **2013 (autumn)** NÄSSJÖ SIMHALL – 3D-visualization project to create design proposals for the renovation of Nässjö swimming hall
- **2013 August** DESIGNERS & FORESTS – Utah-based design project concerning environmental problems with Beetle Kill and Aspen die-off (www.designersandforests.us)
- **2013 (spring)** ALTER – Chair created in Designing B course. Project assignment was to design a storage furniture, we made a piece of furniture that is easy to store

EXHIBITIONS

- **2014 Mars** DESIGN MARCH, REYKJAVIK – Design-event on Island. Participated in talks on design and exhibited Beetle Killed Longboards.
- **2014 February** STOCKHOLM FURNITURE FAIR – Exhibited Alter and Beetle Killed longboards.
